

Boundaries Small Group Study – 8 Sessions

Boundaries Session 4: Laws of Boundaries, Part 2

In this session, Dr. Townsend will help us take a close look at the last 5 laws of Boundaries. As we discovered when we reviewed the first 5 laws of Boundaries, God's world is set up with specific laws and principles. If we choose to violate these laws, we can't avoid the negative effects that will result. In session 4, Dr. Townsend will unpack the last 5 laws of Boundaries: #6 - The Law of Evaluation; #7 - The Law of Proactive Versus Reactive Boundaries; #8 - The Law of Envy; #9 - The Law of Activity; and #10 - The Law of Exposure.

Small group discussion questions:

1) Which of the laws (6 – 10) will bring you the most benefit? Why?

2) Which of these laws (6 – 10) is the most challenging for you?

3) Are you able to evaluate the pain your lack of boundaries has caused? Do you need help with this? If so, who can help you see clearly?
