

SOLUTIONS

Outline

Wise, Fool, Evil

You will learn how to identify these three types of people: the wise, the foolish, and the evil. Because endings that involve people are never easy, it's important to know how to tell the difference between people you can trust and those you can't. Dr. Cloud will discuss the traits of these three types, as well as strategies for dealing with them. Understanding that you can't deal with everyone in the same way will help you to stop your enabling patterns. You will see more clearly who is wise and open to hearing what you have to say, who needs limits and consequences, and who is misspent energy and requires an ending. Your success in reaching goals depends not only on you, but on the people you invite into your tomorrow.

Small Group Discussion Questions:

#1: What situations do I need to recognize that might need a different approach?

#2: What will I do differently?

#3: How do I need to change to get the log out of my own eye in order to become wise?
